# ROTO REVISITED Tri State 2019

Jackaroo and Holden 4x4 Clubs

In the year 2000 at the suggestion of our SA friends, 10 vehicles gathered at Mopoke Hut in The Big Desert of Victoria on the June long weekend. That was the total planning. However, each state Victoria, South Australia and NSW was represented.

On a freezing Sunday with white frost almost everywhere a group congregated close to the fire around a table in the sunshine. It was decided to hold an event "midway" between Adelaide, Sydney, Melbourne and Brisbane. After consulting a map, the spot where the lines met was on the trans-continental railway at Roto, just to the north of Hillston NSW.

This decision lead to the first big Easter tristate event in 2001 with the coming together of the Jackaroo and Holden 4x4 clubs. Since then we have enjoyed friendships, 4x4 driving, learning about Australia and supporting rural communities and the RFDS.

By joining us you will revisit the venue where it all began. For those of you who like history we will provide each participant vehicle a USB stick with historical notes for your use in further research. We will visit amazing Aboriginal areas and have fun. Hillston Showgrounds is on the Kidman Way and this event may be a great launching pad for travels further north, or into the outback or Mungo National Park.
